The complete publications planning solution

Strategic, Compliant, and Transparent

Datavision:

- Recognizes the importance and changing environment of publications planning
- Elevates the visibility of publications across your organization
- Fosters long-term, milestone-driven data dissemination planning for effective project management
- Provides clear and flexible chart views for quick analysis and agile decision making
- Encourages publication of the right information in the required timeframes
- Delivers current and accurate information when you need it
- Features a new financial module for budget creation, tracking, and reconciliation
- Facilitates working in cross-functional teams and/or with copromote partners
- Organizes abstracts, posters, presentations, manuscripts, and resources
- Ensures optimal decision making with comprehensive journal and congress databases
- Supports empowerment through accountability

Managing Publications Finances

- Establish and maintain a publications plan budget
- Track the true cost of a project
- Reconcile invoiced amounts against work completed
- Drill down by cost category
 - Payee
 - Journal/congress
 - Product
 - Document type

Datavision (by Envision Pharma) - Sunshine (Financial Module)

Join the Growing Datavision Community

The Datavision Industry Forum brings together our growing Datavision community.

“Datavision is obviously a tool built by a team who understands the importance and process of publications planning.”
Medical Information Manager

“Our reviewers are now looking at strategy and content rather than editorial issues. This is how it should have always been.”
Medical Team Leader

Come Share Our Vision

Publications success is achieved not only by selecting publications management software. Think of the company behind it. Envision is committed and has the expertise to help ensure the effectiveness and ultimate success of your publications program.

“I’m delighted with the level of adoption of the system.”
Global Team Leader

“We use it every day. Datavision is absolutely indispensable in what we do.”
Publications Manager
